SUMMARY

Computer science graduate with 6 months of experience as a full stack developer. Skilled in Java, Spring Boot, React.js, MySQL, and REST APIs. Experienced in building responsive web applications, developing backend services, integrating databases, and collaborating in agile environments. Passionate about creating scalable and efficient software solutions.

EDUCATION

Parul University, Vadodara, Gujarat

2022 – 2026

B.Tech in Computer Science Engineering

Relevant Coursework: Data Structures, DBMS, OS, Software Engineering

TECHNICAL SKILLS

- **Languages:** HTML, CSS, **Java**, **JavaScript**, **SQL**,
- **Frontend:** **React.js**, **Angular**, Bootstrap, Tailwind CSS
- **Backend:** **Spring Boot**, **Spring MVC**, Spring Data JPA, JDBC, Hibernate, **JSP**, **Servlet**, RESTful APIs.
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Tools & Technologies:** Git, GitHub, **Linux**, Postman, **Docker**, **Kubernetes**, AWS, CI/CD Pipelines

EXPERIENCE

React Trainee Developer – Hyper Cloud 365 Software Solution

Sep 2025 – Nov 2025

- Developed responsive React.js user interfaces for 8+ application modules, ensuring compatibility across desktop, tablet, and mobile devices.
- Collaborated with cross-functional teams to integrate front-end components with Microsoft 365, SharePoint Online, and Power Platform ecosystems.

Full Stack Developer – Hyper Cloud 365 Software Solution

Jan 2026 – Mar 2026

- Developed and maintained 12+ RESTful APIs using Java and Spring Boot, enabling seamless integration across multiple enterprise applications.
- Designed and optimized MySQL database schemas and SQL queries, reducing average query execution time by 30

PROJECTS

Online Train Ticket Reservation System

Java Project

- Improved a web-based train reservation system for train search, seat availability, fare inquiry, schedule viewing, and online ticket booking.
- Implemented user authentication, profile management, booking history, password updates, and ticket reservation features.

Skill Swap Platform

MERN Stack Project

- Enhanced a full-stack Skill Swap Platform enabling users to create profiles, showcase skills, and exchange skills with others.
- Implemented secure JWT-based authentication and authorization for user registration, login, and profile management.

ACHIEVEMENTS

- **Odoo Hackathon Finalist** – Selected among the Top 100 performers from thousands of participants nationwide.
- **Postman API Fundamentals Student Expert** – Earned certification demonstrating proficiency in API development, testing, and documentation using Postman.
